RAIN

Rain on the house,
Rain on the trees,
Rain on the little bird,
But don't Rain on me!

Rain on the boat,
Rain on the sea,
Rain on the little fish,
But don't rain on me!

My Crazy School Bag

I wake up late and missed my bus.
My sleepy eyes were making a fuss!
I ran to school without my shoe.
And somehow lost my pencil too!

My teacher asked, "Where is your book?"
I gave her my lunchbox with a look!
At lunch my sandwich mom made,
I chased it around the school all day!

The bell rang finally "It's time to go!"
But still I am running very slow.
I reached home, changed and said with pride,
What a wonderful crazy ride!

THE POWER OF NEVER GIVING UP

Life is not always easy. Everyone faces difficulties and disappointments. Sometimes it seems as though we are stuck in a never-ending cycle of failures. But these moments do not define us. Instead, they make us stronger, braver and more determined to keep moving forward.

In the face of challenges, we often feel like giving up. But it is important to remember that every setback is a lesson, not an end. It is a chance to learn, to grow and to become a better version of ourselves.

Success rarely comes overnight. It takes hard work, patience, perseverance and a positive attitude. The road may be long and difficult, but if we keep going, we will reach our dreams.

Even when we feel tired and discouraged, we must find the strength to get up again. Each small step forward brings us closer to our goal. It is not the end of the journey but the courage to continue that makes the difference.

So, when life gets tough and you feel like giving up, remember – you are stronger than you think. You have the power to overcome, to achieve and to shine.

Keep going, keep believing, and never give up!

What is Pink

What's pink?
A rose is pink,
By the fountain's brink.

What's red?
A poppy's red,
In its barley bed.

What's blue?
The sky is blue,
Where the clouds float through.

What's white?
A swan is white,
Sailing in the light.

My Little Garden

I have a little garden ,
So small and full of green,
With butterflies that dance around,
The prettiest ever seen.

Roses bloom in the morning,
White lilies smile at night,
Yellow marigolds smile at me,
When Sun gives golden light.

I water them with care,
I talk to them each day,
They nod their heads so gently,
As if they want to play.

My little garden teaches kindness,
And love for all that grows,
It tells me Earth is magic,
Whenever the wind blows.

my DREAM

I have a little dream in my heart.
I want to learn new things everyday.
I want to be kind and helpful to all.
I want to make my parents proud.
I will work hard to reach my goals.
I will never give up my dreams.
I hope my dream will come true one day.

সুবুদ্ধি

সারাদিন মোবাইলে
চোখ রাখা ভুল,
পরীক্ষা এলে দেখবে তুমি
চোখেতে সর্ষে ফুল।

তাই, সবুজ বনে চেয়ে থাকো,
সবুজ মনের সাঁথে,
ভালো ফল পাবে তুমি ,

শীতের সকাল

শীতের সকালে লেপেরে আরাম ছেড়ে বাইরে বেড়িয়ে আসতে মন চায়না। কিন্তু উঠতেই হয়। মা এসে বলল "আজ পৌষ পার্বণ, তাড়াতাড়ি ওঠ। অনেক কাজ। পিঠে বানাতে সাহায্য করবি।" পিঠের কথা শুনেই মনটা আনন্দে নেচে উঠলো। শীতকাল মানেই পিঠে পুলি খাওয়ার দিন। এমনিতে দিদুন এসেছে তাই মনটা খুশি, তার উপর দিদুনের হাতে বানানো দুধপুলি আমার সব থেকে প্রিয়। দুপুর থেকে বার বার খোঁজ করতে লাগলাম পিঠে কতদূর হয়েছে জানার জন্য। যাইহোক, সন্ধের পরপরই মা ডাকলো পিঠে খাবার খাওয়ার জন্য। আমিতো দৌড়ে খাওয়ার টেবিলে হাজির হলাম। দেখলাম, সাদা ধবধবে পুলি দুধে ডোবানো। আর অপেক্ষা করতে পারলামনা, গোগ্রাসে খেতে লাগলাম। কি যে অপূর্ব স্বাদ তা ভোলার নয়। আমার পিঠে খাওয়ার আনন্দে শীতকাল সার্থক।

TEACHERS' ENRICHMENT PROGRAMME

COMPETENCY BASED COMPUTER STUDIES WITH AI

A workshop on Competency-Based Computer Studies with AI was organised by Orange Education, with Mr. Soumen Chakraborty as the Resource Person. The session highlighted the importance of Artificial Intelligence in education and its role in creating personalised learning pathways, enhancing accessibility, generating questions, adaptive testing and competency mapping. Teachers explored how AI-integrated teaching can reduce administrative tasks, provide real-time academic support and encourage critical thinking instead of rote learning. The workshop also included hands-on activities and practical applications of AI in daily life.

CBQ WORKSHOP

The Teacher Training Workshop on Competency-Based Assessments, held on 12 May 2026 at Baruipur School by Mr. Bikramjit Sen and Team, emphasized shifting from rote learning to meaningful evaluation. Teachers explored the definition of assessment as guidance rather than certification, studied different types of assessments, and learned about the assessment cycle. Sessions highlighted designing effective MCQs and CRTs, ensuring validity, fairness, and authenticity. The workshop contrasted traditional recall-based exams with competency-based questions that assess skills, attitudes, and higher-order thinking. Teachers left equipped to foster deeper learning and real-world application.

BENGALI WORKSHOP

On 29 August 2026, an informative workshop on Bengali language teaching was organised at Rotary Sadan. Mrs. Jayshree Mukhopadhyay attended as the resource person. The session explored modern teaching methods, language-skill development and effective classroom practices. Special emphasis was placed on creating a joyful, student-centred learning environment. The importance of developing listening, speaking, reading and writing skills through activity-based methods was also highlighted, making the workshop enriching and valuable.

AI TOOLS FOR EDUCATORS- BOENCI

An in-house workshop on Artificial Intelligence was conducted for the teachers of Vivekananda Mission School, Baruipur. The workshop provided an insightful introduction to the growing role of AI in everyday life and various professional fields. Teachers explored applications such as virtual assistants, smart technologies, automation and robotics, along with AI's potential in education, healthcare, scientific research and environmental protection. The session encouraged teachers to understand emerging technologies and develop relevant skills to integrate AI effectively into teaching and learning.

SELF CARE AND RESILIENCE FOR TEACHERS

An in-house workshop on "Self-Care and Resilience for Teachers" was conducted for the teachers of Vivekananda Mission School, Baruipur, by Mr. Sanjay Balachandran. The session focused on the importance of resilience, emotional well-being and maintaining a healthy work-life balance. Teachers were introduced to simple self-care practices such as healthy sleep habits, short breaks, meditation, nutritious meals and staying hydrated. The workshop also highlighted how self-care can enhance patience, empathy, creativity and teaching effectiveness, while reducing stress and emotional exhaustion.

FORMATIVE VS COMPETENCY BASED LEARNING

A workshop on Formative vs Competency-Based Assessment was conducted for teachers by Sangita Bhattacharya CEO and FOUNDER @PROSTRATEGIC -H, to enhance their understanding of modern evaluation practices In education. The session focused on the difference between traditional formative assessment and competency-based assessment, highlighting how both contribute to effective teaching and learning.

Through interactive activities, group discussions, and practical examples, teachers learned how to frame competency-based questions, design rubrics, and assess higher-order thinking skills among students. The workshop also stressed the importance of student- centered learning and meaningful feedback in improving academic outcomes.
